Annual Report on Form 20-F filed on May 1, 2023

Item 3. Key Information, page 6

1. At the onset of Part I, please disclose prominently that you are not a Chinese operating company but a Cayman Islands holding company with operations conducted by your subsidiaries. In addition, please provide early in the Business section a diagram of the company s corporate structure.

2. Provide prominent disclosure about the legal and operational risks associated with being based in or having the majority of the company s operations in China. Your disclosure should make clear whether these risks could result in a material change in your operations and/or the value of your securities or could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless. Your disclosure should address how

recent statements and regulatory actions by China s government, such as those related to data security or anti-monopoly concerns, have or may impact the company s ability to conduct its business, accept foreign investments, or list on a U.S. or other foreign exchange. Also disclose that regulatory actions related to data security or anti-monopoly concerns in Hong Kong or Macau have or may impact your ability to conduct your business, accept foreign investments, or list on a U.S. or foreign exchange.

3. Please disclose the location of your auditor s headquarters and

whether and how the Holding Foreign Companies Accountable Act, as amended by the Consolidated

Appropriations Act, 2023, and related regulations will affect your company.

4. We note your definitions on page 3 on how you will refer to the holding company and subsidiaries when providing the disclosure throughout the document. In Part I. Item 3.

Key Information section, please clearly disclose how you will refer to the holding company and subsidiaries when providing the disclosure throughout the document so that

it is clear to investors which entity the disclosure is referencing and which subsidiaries or entities are conducting the business operations. For example, disclose, if true, that your subsidiaries conduct operations in China.

5. Provide a clear description of how cash is transferred through your organization. Disclose

your intentions to distribute earnings. Quantify any cash flows and transfers of other assets by type that have occurred between the holding company and its subsidiaries, and

direction of transfer. Quantify any dividends or distributions that a subsidiary have made to the holding company and which entity made such transfer, and their tax consequences.

Similarly quantify dividends or distributions made to U.S. investors, the source, and their tax consequences. Your disclosure should make clear if no transfers, dividends, or

distributions have been made to date. Describe any restrictions on foreign exchange and your ability to transfer cash between entities, across borders, and to U.S. investors.

Describe any restrictions and limitations on your ability to distribute earnings from the company, including your subsidiaries, to the parent company and U.S. investors.

6. Disclose each permission or approval that you or your subsidiaries are required to obtain

from Chinese authorities to operate your business and to offer securities to foreign

investors. State whether you or your subsidiaries are covered by permissions requirements

from the China Securities Regulatory Commission (CSRC), Cyberspace Administration of

China (CAC) or any other governmental agency that is required to approve your

operations, and state affirmatively whether you have received all requisite permissions or

approvals and whether any permissions or approvals have been denied.

Please also

describe the consequences to you and your investors if you or your subsidiaries: (i) do not

receive or maintain such permissions or approvals, (ii) inadvertently conclude that such

permissions or approvals are not required, or (iii) applicable laws,

regulations, or interpretations

Item 3. Key Information

D. Risk Factors, page 6

7. In your summary of risk factors, disclose the risks that your corporate structure and being based in or having the majority of the company's operations in China poses to investors.

In particular, describe the significant regulatory, liquidity, and enforcement risks. For example, specifically discuss risks arising from the legal system in China, including risks and uncertainties regarding the enforcement of laws and that rules and regulations in China can change quickly with little advance notice; and the risk that the Chinese government may intervene or influence your operations at any time, or may exert more control over offerings conducted overseas and/or foreign investment in China-based issuers, which could result in a material change in your operations and/or the value of your securities. Acknowledge any risks that any actions by the Chinese government to exert more oversight and control over offerings that are conducted overseas and/or foreign investment in China-based issuers could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of your securities to significantly decline or be worthless.

8. Please expand your risk factors to disclose that the Holding Foreign Companies Accountable Act, as amended by the Consolidated Appropriations Act, 2023, decreases the number of consecutive non-inspection years from three years to two years, and thus, reduces the time before your securities may be prohibited from trading or delisted. Update your disclosure to describe the potential consequences to you if the PRC adopts positions at any time in the future that would prevent the PCAOB from continuing to inspect or investigate completely accounting firms headquartered in mainland China or Hong Kong.

9. We note your disclosure about having business operations in Hong Kong and not in Mainland China and the risks that come with having direct Chinese government oversight authority on page 20. Disclose in this Risk Factor, as you do in the Post-Effective Amendment No. 3 to Form F-1, file no. 333-265284, dated May 31, 2023, that you believe there is significant market opportunity for you in Mainland China for early detection of cancer. Also, given recent statements by the Chinese government indicating an intent to exert more oversight and control over offerings that are conducted overseas and/or foreign investment in China-based issuers, acknowledge the risk that any such action could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless.

10. In light of recent events indicating greater oversight by the Cyberspace Administration of China (CAC) over data security, particularly for companies seeking to list on a foreign exchange, please revise your disclosure to explain how this oversight impacts your business and your securities and to what extent you believe that you are compliant with the regulations or policies that have been issued by the CAC to date. Also, provide risk factor disclosure to explain whether there are any commensurate laws or regulations in

Hong Kong or Macau which result in oversight over data security and explain how this oversight impacts the company's business and the offering and to what

extent the  
company believes that it is compliant with the regulations or policies  
that have been  
issued.

General

11. Please revise to include a separate section that discloses the  
information required by Item  
101(g) of Regulation S-K. Include Summary Risk Factor and Risk Factor  
disclosure  
discussing where your executive officers and directors are located,  
specifically addressing  
the difficulty of bringing actions against individuals located in China  
(or other foreign  
jurisdictions) and enforcing judgments against them.

12. We note your definition of "mainland China" excludes Hong Kong and Macau.  
Please

revise to clarify that the legal and operational risks associated with  
operating in China also  
apply to operations in Hong Kong and Macau.

We remind you that the company and its management are responsible for  
the accuracy  
and adequacy of their disclosures, notwithstanding any review, comments, action  
or absence of  
action by the staff.

You may contact Al Pavot at 202-551-3738 or Terence O'Brien at  
202-551-3355 if you
