DISCLOSURE OF RESULTS OF OPERATIONS

We hereby furnish the United States Securities and Exchange Commission with copies of the following information about our public disclosures regarding our unaudited financial results for the first quarter ended March 31, 2024, along with recent business updates.

APPOINTMENT OF DIRECTORS

As part of our strategic repositioning into a new business vertical of consumer health, we are pleased to announce the appointment of Ms. Kathryn Henry and Mr. David Eric Vanderveen as independent directors to our Board of Directors, effective June 13, 2024, and June 16, 2024, respectively. Their biographies are set out below:

Ms. Kathryn Henry

Ms. Henry is currently an independent director at Lululemon, where she has been a board member for more than 8 years and serves as a member of the Audit & Compensation Committee. She provides strategic consulting to consumer retail and technology companies, as well as venture capital, investment, and consulting firms seeking executive-level guidance.

Ms. Henry previously served as Chief Information Officer, Logistics & Distribution at Lululemon from 2010 to 2014, where she oversaw all global information and technology operations for the company.

Prior to joining Lululemon in 2010, Ms. Henry worked at Gap, Inc., where she served as Vice President and Chief Information Officer of International IT and Gap North America. She was responsible for the systems support of key international growth initiatives. Previously, she was Vice President of Dockers Business Divestiture and Vice President of Global IT Strategy & Development at Levi Strauss & Co.

Value Addition to Prenetics:

Ms. Henry’s extensive experience in leading global information and technology operations, especially in consumer retail and technology sectors, aligns perfectly with Prenetics’ strategic positioning into consumer health. Her proven track record in strategic consultancy for technology companies, coupled with her deep understanding of international IT infrastructure, will be instrumental in driving Prenetics’ technological advancements and operational efficiencies.

- Strategic Leadership and Innovation:** Ms. Henry’s background as a strategic consultant for retail and technology companies will provide Prenetics with cutting-edge insights and innovative strategies necessary for penetrating and expanding in the consumer health market.
- Operational Excellence:** Her experience overseeing logistics and distribution at Lululemon will be invaluable in optimizing Prenetics’ supply chain and distribution networks, ensuring efficient and reliable delivery of health solutions.
- Technological Advancement:** With her extensive experience as a chief information officer, Ms. Henry will guide Prenetics in leveraging advanced IT solutions to enhance consumer health platforms, ensuring robust, secure, and scalable technological infrastructure.
- Global Expansion:** Ms. Henry’s role in supporting key international growth initiatives at Lululemon and Gap, Inc. will support Prenetics in navigating and expanding its footprint in global markets, adapting to varying regulatory and consumer landscapes.
- Governance and Compliance:** Her governance experience from various leadership roles will strengthen Prenetics’ corporate governance framework, ensuring compliance with industry standards and fostering investor confidence.

By integrating Ms. Henry’s expertise, Prenetics will be well-positioned to achieve its strategic goals, driving innovation, operational efficiency, and global growth in the consumer health sector.

Mr. David Eric Vanderveen

Mr. Vanderveen has had a successful 30-year track record in beverage, nutrition, and technology, leading disruptive change at both private and public companies. From 2022 until recently, he was CEO of Nirvana Water Sciences, where he developed a team of industry beverage, functional beverage, and supplement experts to transform the brand, product portfolio, go-to-market strategy, and execution of the business.

From 2002 to 2015, Mr. Vanderveen was the founder and CEO of XS Worldwide, a company with a portfolio of energy drinks and sports nutrition products. XS partnered with Amway Corporation and became the fastest-growing business segment and category for the world's largest direct seller, reaching annual sales over \$400 million with distribution in more than 60 countries. XS was sold to Amway in 2015, where Mr. Vanderveen served as Vice President and Global General Manager for the XS brand, achieving maximum earn-out through 2018.

Mr. Vanderveen is also an advisor and limited partner at RX3 Growth Partners, a private equity firm that partners with consumer brands and other leading investment firms to maximize value by leveraging its unique influencer base of athletes, celebrities, and thought leaders, and is a general partner in LLB Global Fund, an international arbitration fund in partnership with French law firm, Lazareff Le Bars.

Value Addition to Prenetics:

Mr. Vanderveen's extensive experience in the beverage, nutrition, and technology sectors, along with his proven track record in leading disruptive change, aligns seamlessly with Prenetics' strategic positioning into consumer health. His expertise will be instrumental in driving Prenetics' innovation, market expansion, and operational excellence.

1. **Strategic Leadership and Innovation:** Mr. Vanderveen's background in founding and leading successful beverage and nutrition companies will provide Prenetics with innovative strategies and leadership essential for pioneering in the consumer health market.
2. **Market Expansion and Growth:** His experience in growing global brands and navigating post-acquisition transitions will support Prenetics in expanding its market presence and scaling its operations effectively across diverse global markets.
3. **Product Development and Market Strategy:** Mr. Vanderveen's role in transforming brands and product portfolios will be invaluable in enhancing Prenetics' product development processes and go-to-market strategies, ensuring the delivery of high-quality consumer health solutions.
4. **Operational Excellence:** With his experience in leading operational transformations at various companies, Mr. Vanderveen will guide Prenetics in optimizing its operations, improving efficiency, and achieving sustainable growth.
5. **Influencer and Partner Leverage:** His connections with RX3 Growth Partners and experience leveraging influencer bases will help Prenetics maximize value through strategic partnerships and marketing initiatives, enhancing brand visibility and consumer engagement.

By integrating Mr. Vanderveen's expertise, Prenetics will be well-positioned to achieve its strategic goals, driving innovation, operational efficiency, and global growth in the consumer health sector.

Forward-Looking Statements

This press release contains forward-looking statements. These statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. Statements that are not historical facts, including statements about the Company's goals, targets, projections, outlooks, beliefs, expectations, strategy, plans, objectives of management for future operations of the Company, and growth opportunities are forward-looking statements. In some cases, forward-looking statements can be identified by words or phrases such as “may,” “will,” “expect,” “anticipate,” “target,” “aim,” “estimate,” “intend,” “plan,” “believe,” “potential,” “continue,” “is/are likely to” or other similar expressions. Forward-looking statements are based upon estimates and forecasts and reflect the views, assumptions, expectations, and opinions of the Company, which involve inherent risks and uncertainties, therefore they should not be relied upon as being necessarily indicative of future results. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to: the Company's ability to further develop and grow its business, including new products and services; its ability to execute on its new business strategy in genomics, precision oncology, and specifically, early detection for cancer; the results of case control studies and/or clinical trials; and its ability to identify and execute on M&A opportunities, especially in precision oncology. In addition to the foregoing factors, you should also carefully consider the other risks and uncertainties described in the “Risk Factors” section of the Company's most recent registration statement and the prospectus therein, and the other documents filed by the Company from time to time with the U.S. Securities and Exchange Commission. All information provided in this press release is as of the date of this press release, and the Company does not undertake any duty to update such information, except as required under applicable law.

Basis of Presentation

Unaudited Non-IFRS Financial Measures has been provided in the financial statements tables included at the end of this press release. An explanation of these measures is also included below under the heading “Unaudited Non-IFRS Financial Measures”.

Unaudited Non-IFRS Financial Measures

To supplement Prenetics' consolidated financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), the Company is providing non-IFRS measures, adjusted EBITDA from continuing operations, adjusted gross profit from continuing operations and adjusted loss attributable to equity shareholders of Prenetics. These non-IFRS financial measures are not based on any standardized methodology prescribed by IFRS and are not necessarily comparable to similarly-titled measures presented by other companies. Management believes these non-IFRS financial measures are useful to investors in evaluating the Company's ongoing operating results and trends.

Management is excluding from some or all of its non-IFRS results (1) Employee equity-settled share-based payment expenses, (2) depreciation and amortization, (3) finance income and exchange gain or loss, net, and (4) certain items that may not be indicative of our business, results of operations, or outlook, including but not limited to non-cash and/ or non-recurring items. These non-IFRS financial measures are limited in value because they exclude certain items that may have a material impact on the reported financial results. Management accounts for this limitation by analyzing results on an IFRS basis as well as a non-IFRS basis and also by providing IFRS measures in the Company's public disclosures.

In addition, other companies, including companies in the same industry, may not use the same non-IFRS measures or may calculate these metrics in a different manner than management or may use other financial measures to evaluate their performance, all of which could reduce the usefulness of these non-IFRS measures as comparative measures. Because of these limitations, the Company's non-IFRS financial measures should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with IFRS. Investors are encouraged to review the non-IFRS reconciliations provided in the tables captioned "Reconciliation of loss from operations from continuing operations under IFRS and adjusted EBITDA from continuing operations (Non-IFRS)", "Reconciliation of gross profit from continuing operations under IFRS and adjusted gross profit from continuing operations (Non-IFRS)" and "Reconciliation of loss attributable to equity shareholders of Prenetics under IFRS and adjusted loss attributable to equity shareholders of Prenetics (Non-IFRS)" set forth at the end of this document.

⁶ We ceased our COVID-19 testing business entirely in 2023 Q2, and other DNA testing operations in the EMEA regions in 2023 Q4. As a result, COVID-19 testing business and the operations in the EMEA regions are reported as a discontinued operation under IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*. In accordance with IFRS 5, the results of the discontinued operation have been presented separately from the continuing operations in the consolidated statements of profit or loss and other comprehensive income. The comparative information in the consolidated statements of profit or loss and other comprehensive income has also been re-presented to show the results of discontinued operation separately.
